Press Release

Pneumatic Directional Valve Catalog from Rexroth

New SC-300 catalog available

Rexroth recently revised the SC-300 pneumatic industrial directional control valve catalog to add three valve families and provide updates on other lines.

(Lexington, KY – www.boschrexroth-us.com/brp) The SC-300 pneumatic directional control valve catalog has recently undergone major revisions to add three product lines and update other valve lines. The new version has increased by 50 percent to 144 pages, and covers many of the most popular directional control valve lines.

Added to the catalog are the new Series DO10-BR and DO15-BR miniature direct acting valves, new Series CD04 inch version spool valves, and Series AP mechanical poppet valves.

Slide valves included in the SC-300 are the Ceram™ ISO 5599/1 subbase mounted valve with ceramic plates. Poppet valves include: Miniblock 3-way, Series 830 3-way, Series 840 4-way, Series 740 4-way and the Rotair® Block 4-way valve. Spool type 4-way valves include the CD-7, TaskMaster® and PowerMaster®.
Flow rates for the valves included in the SC-300 range from 0.014 C_v to 15.7 C_v, and include in-line, subbase and manifold type valves. Operator types include solenoid, air pilot, manual and mechanical.

The catalog also includes valve sizing charts, application sketches, and a features comparison chart showing the industrial pneumatic directional control valves from all Rexroth catalogs.
