GoTo North America
Focused Delivery Program
The Products You Need, When You Need Them
In today’s ultra-competitive manufacturing marketplace, every second is vitally important. Bosch Rexroth is ready to help: Our GoTo Focused Delivery Program puts the technologies you need at the ready—to help you sharpen and sustain your competitive edge.

We continue to streamline our GoTo Program processes and expand our capabilities to fully serve the North American markets more efficiently. Regardless of where you are located, you will have access to the same continually expanding GoTo product portfolio to meet the demands of manufacturers across the region with high-quality, in-demand drive, motion and control products.

The GoTo Program consistently sustains one of the highest on-time delivery records in the industry. So whatever your needs are—prototype development, need for spare parts or faster time to market—count on the GoTo Program to contribute to your success.

Whatever your industry, GoTo can help you maintain your competitive edge.
Continuous improvement focused on you.

We constantly invest to better align GoTo with your needs:

- Integrated program—a single GoTo Program for businesses across the U.S., Canada and Mexico
- Improved processes—delivering our most popular products with market-best lead times
- Increased production capacity—expanding the range of products and variations you can order
- More digital resources—making the GoTo Program easy to use where and when you need it
- Standard, high-quality products—Rexroth helps you put our most efficient and long-lasting technologies to work in your manufacturing solutions—faster

Your GoTo order:
How it works

The GoTo Program uses streamlined processes to efficiently bring your order to you faster.

Choose products from a GoTo catalog, GoTo online resources or mobile apps

Place your order with Rexroth or an Authorized Distributor (See how on next pages ➔)

Your GoTo order is specially handled; lead times to ship dates commence on confirmed GoTo order acceptance

The products you order are drawn from our optimized GoTo inventory

Your order is packaged, labeled and shipped using our lean fulfillment process
One GoTo Program. Ready to serve the needs of the entire region.

Obtenga acceso rápido a apoyo local.
Get quick access to local support.
Over 150,000 customers worldwide count on us for what no one else can offer: The world’s finest drive and control technologies, all from a single source.

And now our expanded GoTo Program makes these products available for faster delivery, so manufacturers across North America can bring their machine and automation concepts to life with:

- **Electric Drives & Controls**—intelligent, energy-efficient platforms for advanced automation solutions.

- **Tightening Systems**—ergonomic assembly tools integrating wireless and real-time data-capture technology.

- **Linear Motion**—a comprehensive array of robust, high-precision products from basic components to pre-engineered solutions for Cartesian motion.

- **Hydraulics**—from the global leader in hydraulics technology, an unmatched portfolio of production-proven, high-power density, well-engineered products and complete drive solutions.

- **Assembly Technologies**—from manual operations to high-volume production, our conveyors, workstations and framing fit virtually any manufacturing environment.
Our tools and resources fit the way you work.

We’re adding more than just new products to the GoTo Program—we are also continuously enhancing it with useful new tools including:

▫ Complete catalogs with detailed product overviews and technical details.
▫ User-friendly websites with regularly updated product pages.
▫ Updated Android™ and Apple® GoTo Product Apps with the latest GoTo product information.

GoTo Products Apps: The GoTo Program at your fingertips

Easy to use search tools—search by product category, A-Z lists or your personal Favorites list

Fast links to sales & service contacts—use maps or autodial features

User-friendly features—context sensitive help screens, search by category, sharing functions, personalization

Get our updated GoTo Products online, or visit your local Rexroth apps pages for all our useful apps:

Fast. Agile. Focused on your needs.

Whether you’re designing and building machines, implementing them in your factory or servicing them, the focus of the GoTo Program remains on you: We continually invest in the program so you’re able to deliver the products and solutions your customers need, faster than ever.

Here’s how GoTo can benefit you:

**Faster prototyping and systems integration:** Our increased production capacity and new digital support tools will help speed prototype development and condense system integration timeframes.

**Meeting your deadlines:** New regional distribution facilities and enhanced state-of-the-art inventory management gives you confidence that our products will be available, just when you need them.

**Minimize downtime and maximize productivity:** As we add more and more products to the GoTo inventory, you will have faster access to spare parts and replacements.

**Local sales and service support:** Coupled with the GoTo Program, our broad distribution coverage offers the best combination of fast delivery with local service and support—delivering improved lifecycle service.

**Count on the GoTo Program**

Across the region, our GoTo Focused Delivery Program resources are ready to help you create the manufacturing solutions that will strengthen your competitive edge. Begin your GoTo Program experience here:
