Hägglunds Original Service from Bosch Rexroth is the only true choice for service of your Hägglunds drive system. Ever since Hägglunds Drives became part of Bosch Rexroth, Rexroth has been the source for Hägglunds service, Hägglunds spare parts, and Hägglunds drive system repairs. Only at Bosch Rexroth will you find the knowledge and insights that come from a half-century of servicing Hägglunds drive systems.

Why choose Hägglunds Original Service?
High-performance drive systems need high-quality service. Bosch Rexroth is home to certified Hägglunds service specialists, whose expert training is specific to Hägglunds drive systems. Not only do they service Hägglunds motors, they take a complete drive system approach to securing your uptime.

Hägglunds service experts are supported by dedicated workshops with specialized tools and the latest technology. Everything needed to service, repair, modernize, or upgrade Hägglunds drive systems is at their fingertips, including genuine Hägglunds spare parts direct from the factory.

Serving you globally and locally
As a truly global company, Bosch Rexroth can maximize uptime and ensure drive system performance anywhere in the world. Hägglunds Original Service is available locally wherever you are, with everything from commissioning and repairs to preventive maintenance, field service, and beyond.
A full range of services for your Hägglunds drive system

As the source of Hägglunds drive systems, only Bosch Rexroth can bring you the full range of Hägglunds service options, based on the latest knowledge and technology.

Hägglunds field service
From inspections to preventive maintenance, Rexroth field service engineers are ready to meet your needs on site – wherever you happen to be. Our local Hägglunds service specialists have a complete understanding of your Hägglunds drive system, as well as your situation. With their unique training and equipment, they resolve your drive issues quickly and completely.

Examples of our field service include start-up support, condition-based maintenance, fitness checks, and emergency support.

Hägglunds drive repairs
The rugged design and leading-edge technology of Hägglunds products are the result of world-class workmanship. That same workmanship is found in the unique tools and processes used by Rexroth experts to repair Hägglunds motors and drive systems. Our skilled Hägglunds service specialists are factory-certified to repair Hägglunds products, which gives you solid assurance that the work will be done right.

Our repair offering includes fixed-price repairs, preferred lead times, reman exchange, product upgrades, and more.

Hägglunds spare parts
Only genuine Hägglunds spare parts deliver the same world-class performance as the Hägglunds drive systems you depend on. Our spare parts program, which can be combined with discounts and extended warranty options, gets Hägglunds parts to you quickly and reliably. Strategically located parts inventories, found at Rexroth service centers worldwide, ensure it.

Beyond Hägglunds parts themselves, we can offer inventory management, dedicated spares and kits, and stocking of emergency units.

Extended Hägglunds Service
Rexroth can also provide a wide range of other services related to the Hägglunds drives and drive systems, including:

- Remote technical support
  You can turn to our Hägglunds experts for support by phone, e-mail, etc. Support time can be arranged by the hour or incorporated into a Service Agreement.

- Modernization
  After a discussion of your needs, we can propose ways to upgrade your Hägglunds drive equipment and application, for example to reduce energy consumption or increase power density.

- Customer training
  We can provide you with customized training packages, focused on maintaining your Hägglunds drive and getting maximum performance from your system.
